

**ODM/OEM factory**

- ◎ 20,000 square meter plant with high production capacity
- ◎ Leading manufacturer with rich OEM/ODM experiences
- ◎ Strong R&D with top class technical support
- ◎ Creative, Responsive, Mutual-beneficial
- ◎ Strict OA assurance system

**Factory Address**

Floor 7, Building 7, Zhongyuntai Industrial Park, Yingrenshi Road Crossing,  
Shiyan Town, Bao'an District, Shenzhen

**Shenzhen EPQI Technology Co., Ltd.**

## About EPQI

### Professional Charger Manufacturer Since 2015

Shenzhen EPQI Technology Co., Ltd was established in 2015, We're one of the leading manufacturer in wireless power industry, especially in the fields of R&D, manufacturing and marketing of wireless charging solutions. As an associated Qi member, we also offer service of free Qi registration for customer's brand under EPQI Qi products.

### Factory Audits and Product Certifications

We have an experienced R&D team, skilled technicians, advanced producing and testing facilities, and strict quality control. All products we offer have acquired CE, FCC and RoHS certificates. Besides that, we also implement SGS, ISO 14001, ISO 9001, BSCI, Sedex, and IATF16949 system guidelines. Our products carry CB, ETL, KC, PSE, C-Tick, PSB and BSMI marks, and are SAA-approved.

### Equipped with Advanced Machinery

We have our own mold marking machine, injection molding machine, oil injection machine, and SMT machine, and we can conduct good control housing quality from injection to printing. As well with new tooling marking in 20 to 25 days, we have our own molding plant and it takes us only 25 days to finish a new design from molding to mass production. We also focus on developing new products to meet the ever-changing market demand as well.

### Meeting Various International Standards

We run an ISO 9001:2015-certified management system. To further ensure that your quality standards are met, we have a QC team overseeing all operations. We are so confident of our products that we provide a two-year warranty. And, most of our products have passed the CB, ETL, PSE, KC, KCC, SAA, C-tick, CE, RoHS, FCC, QC3.0, and QC2.0 certifications.

### Cooperating with Nissan European, Nissan Mexico, and more

Besides, relying on the stable supply and good service for customers, we win the good reputation from all the markets in Europe, South and North America, Australia, and other areas. Our main customers are Nissan European, Nissan Mexico, Mazda European, Renault, Next Base, Philips, 360, and Xiaomi.

### OEM & ODM Service

Thanks to our strong R&D, strict quality control, strong production capacity & good after-sales service, we work with world-wide brands and enjoy high reputation in wireless power industry, we always could be your reliable OEM & ODM partner.

### ■ Specifications

- ※ Model: ET800C
- ※ Foldable design
- ※ Input: PD/QC3.0/9V-3A/12-2.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm
- ※ LED panel display:
  - Temperature /Time and Date
  - Charge State/Alarm Clock

### ■ Specifications

- ※ Model: EF100C
- ※ Input: PD/QC3.0/9V-3A/12-2.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm
- ※ Material: ABS/PC/Metal

## 15W Magnetic Wireless Car Charger

## 3 in 1 Magnetic Wireless Charger With Display

### ■ Specifications

- ※ Model: EC800C
- ※ Input: PD/QC3.0/9V-2A/12-1.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ-205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm

### ■ Specifications

- ※ Model: ET810C
- ※ Input: PD/QC3.0/9V-3A/12-2.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm
- ※ LED panel display:
  - Temperature /Time and Date
  - Charge State/Alarm Clock

## 3 in 1 Magnetic Wireless Charger

Night Light

### ■ Specifications

- ※ Model: ET700
- ※ Input: PD/QC3.0/9V-3A/12-2.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ USB-A: 5V/1A
- ※ Working Frequency: 110KHZ - 205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm
- ※ Support original iwatch charger

## 3 in 1 Magnetic Wireless Charger

### ■ Specifications

- ※ Model: ET900
- ※ Input: PD/QC3.0/9V-3A/12-2.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ, 127.7KHZ/360KHZ for iphone
- ※ Charging Efficiency: up to 80%
- ※ Charging Distance: 2-6mm

## 15W Wireless Charger With Display and FAN

Alarm Clock

Time and Date

Temperature

Display Status

### ■ Specifications

- ※ Model: ET600
- ※ Input power: QC3.0/ PD/ 12V-2A / 9V-2A
- ※ Wireless Output: 15W/10W/7.5W/5W (Max)
- ※ USB-A output: 5V/1A
- ※ Working frequency: 110-205KHZ
- ※ Conversion efficiency: up to 75%
- ※ Charging distance: 2-8MM
- ※ **built-in Cooling Fan and LED panel display :**  
Temperature / Time and Date  
Charge State/ Alarm Clock

## 2 in 1 Wireless Charger With EPP Certification

### ■ Specifications

- ※ Model: ES300D
- ※ Input power: QC3.0/ PD/ 12V-2A / 9V-2A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ **Backside support TWS 5W Wireless charger**
- ※ Working frequency: 110-205KHZ
- ※ Conversion efficiency: up to 75%
- ※ Charging distance: 2-8MM

## 15W Magnetic Car Wireless Charger

### ■ Specifications

- ※ Model: EC700
- ※ Compatible with MagSafe
- ※ Materials: Fabric front and aluminium housing
- ※ Input: 5V/2A, 9V/1.67A, 12V/1.5A
- ※ Input port: Type C
- ※ Wireless output: 5W / 7.5W / 10W / 15W
- ※ Adaptor: Requires min 18W car charger
- ※ Transmission distance: 3-8mm
- ※ LED Indicator: Yes
- ※ Weight : 80g
- ※ Dimensions : 88 x 47.5 x 6.4mm
- ※ Certifications : CE,RoHS,FCC

## Wireless Watch Charger

### ■ Specifications

- ※ Model: EW-X52
  - ※ Input: QC3.0/PD/9V,1.67A/5V,2A
  - ※ Wireless Output: 5W for iwatch
  - ※ Working Frequency: 110KHZ - 205KHZ
  - ※ Charging Efficiency: up to 75%
- 
- ※ Model: EW-V20
  - ※ Input: QC3.0/PD/9V,1.67A/5V,2A
  - ※ Wireless Output: 5W for iwatch
  - ※ Working Frequency: 110KHZ - 205KHZ
  - ※ Charging Efficiency: up to 75%
  - ※ Battery Capacity: 1000mah

## Magnetic Wireless Powerbank 5000/10000/20000mAh

## Magnetic Wireless Powerbank 10000mAh

### ■ Specifications

- ※ Model: EP-A27
- ※ Input: QC3.0/PD/9V,2A/5V,3A/12V,1.5A
- ※ TYPE-C Output:9V,2A/5V,3A/12V,1.5A
- ※ USB-C output:9V,2A/5V,3A/12V,1.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ
- ※ Charging Efficiency: up to 75%
- ※ Battery Capacity: 5000-20000mAh

### ■ Specifications

- ※ Model: EP-A28
- ※ Input: QC3.0/PD/9V,2A/5V,3A/12V,1.5A
- ※ TYPE-C Output:9V,2A/5V,3A/12V,1.5A
- ※ USB-C output:9V,2A/5V,3A/12V,1.5A
- ※ Wireless Output: 15W/10W/7.5W/5W
- ※ Working Frequency: 110KHZ - 205KHZ
- ※ Charging Efficiency: up to 75%
- ※ Battery Capacity: 10000mAh
