

- ◎ 20,000 square meter plant with high production capacity
- ◎ Leading manufacturer with rich OEM/ODM experiences
- ◎ Strong R&D with top class technical support
- ◎ Creative, Responsive, Mutual-beneficial
- ◎ Strict QA assurance system

Factory Address

Floor 6, Building 7, Zhongyuntai Industrial Park, Yingrenshi Road Crossing,
Shiyan Town, Bao'an District, Shenzhen

Shenzhen EPQI Technology Co., Ltd.

About EPQI

Professional Charger Manufacturer Since 2015

Shenzhen EPQI Technology Co., Ltd was established in 2015, We're one of the leading manufacturer in wireless power industry, especially in the fields of R&D, manufacturing and marketing of wireless charging solutions. As an associated Qi member, we also offer service of free Qi registration for customer's brand under EPQI Qi products.

Factory Audits and Product Certifications

We have an experienced R&D team, skilled technicians, advanced producing and testing facilities, and strict quality control. All products we offer have acquired CE, FCC and RoHS certificates. Besides that, we also implement SGS, ISO 14001, ISO 9001, BSCI, Sedex, and IATF16949 system guidelines. Our products carry CB, ETL, KC, PSE, C-Tick, PSB and BSMI marks, and are SAA-approved.

Equipped with Advanced Machinery

We have our own mold marking machine, injection molding machine, oil injection machine, and SMT machine, and we can conduct good control housing quality from injection to printing. As well with new tooling marking in 20 to 25 days, we have our own molding plant and it takes us only 25 days to finish a new design from molding to mass production. We also focus on developing new products to meet the ever-changing market demand as well.

Meeting Various International Standards

We run an ISO 9001:2015-certified management system. To further ensure that your quality standards are met, we have a QC team overseeing all operations. We are so confident of our products that we provide a two-year warranty. And, most of our products have passed the CB, ETL, PSE, KC, KCC, SAA, C-tick, CE, RoHS, FCC, QC3.0, and QC2.0 certifications.

Cooperating with Nissan European, Nissan Mexico, and more

Besides, relying on the stable supply and good service for customers, we win the good reputation from all the markets in Europe, South and North America, Australia, and other areas. Our main customers are Nissan European, Nissan Mexico, Mazda European, Renault, Next Base, Philips, 360, and Xiaomi.

OEM & ODM Service

Thanks to our strong R&D, strict quality control, strong production capacity & good after-sales service, we work with world-wide brands and enjoy high reputation in wireless power industry, we always could be your reliable OEM & ODM partner.

ODM/OEM Automotive Wireless Charging Solution

Built-in In-Car Wireless Charger

■ Wireless charging series

Automotive Industry Quality System
Quality Management System Certification

Vehicle regulations qi certification

Semiconductor cooling Wireless Charger

Model: EC810F2

■ Features

- ※ Semiconductor refrigerating panel(front): Instant cooling
- ※ Cooling fan(back): heat dissipation
- ※ Qi2.2 25W wireless charging
- ※ Magnetic suction
- ※ Sensor working control(only refrigerating & cooling during charging)

※ **Option: foldable stand**

Semiconductor Cooling Wireless Charger 6in1

Model: EC09Pro

■ Features

- ※ Qi2.2. 25W wireless charging
- ※ Semiconductor refrigerating + fan cooling
- ※ Compatible with Apple and Samsung watch
- ※ Bluetooth speaker
- ※ Charge phone, watch, airpod simultaneously
- ※ Time, Alarm, Charging icon display
- ※ Colorful LED light
- ※ Magnetic suction

Semiconductor cooling Wireless Charger

Gesture Auto-sensor Rotation 5 In 1 Wireless Charger

Model: EM09

■ Features

- ※ Semiconductor refrigerating + fan cooling
- ※ Qi2.2 25W wireless charging
- ※ Compatible with Apple and Samsung watch
- ※ Motion sensor LED light
- ※ Type C 18W output(extra)
- ※ Magnetic suction
- ※ Foldable design

Model: EC53

■ Features

- ※ 5 In 1: Charge phone, watch, airpod simultaneously
- ※ Qi2.2 25W wireless charging
- ※ Auto-sensor Infrared - gesture rotation
- ※ Foldable design
- ※ Magnetic suction
- ※ Touch LED light
- ※ Built-in retractable Type C cable output

Qi2 25W 3 In 1 Wireless Charger

Model: EY309

■ Features

- ※ 3 In 1: Charge phone, watch, airpod simultaneously
- ※ Qi2.2 25W wireless charging
- ※ Foldable design
- ※ Magnetic suction
- ※ Zinc alloy

Qi2 25W 3 In 1 Wireless Charger

Model: EY329

■ Features

- ※ 3 In 1: Charge phone, watch, airpod simultaneously
- ※ Qi2.2 25W wireless charging
- ※ 360° rotating ratchet base
- ※ Foldable design
- ※ Magnetic suction

Qi2 25W Semiconductor cooling Wireless Car Charger

Model: ES21

■ Features

- ※ Qi2.2 25W wireless charging
- ※ Semiconductor refrigerating panel(front): Instant cooling
- ※ Cooling fan(back)
- ※ Magnetic suction
- ※ LED RGB light
- ※ **3 InstallationOptions:**
(1) Vent hook/clip (2) Dash mount (3) Window mount

Qi2 25W Semiconductor cooling Wireless Car Charger

Model: EC810F2

■ Features

- ※ Semiconductor refrigerating panel(front): Instant cooling
- ※ Cooling fan(back): heat dissipation
- ※ Qi2.2 25W wireless charging
- ※ Magnetic suction
- ※ Sensor working control(only refrigerating & cooling during charging)
- ※ **3 InstallationOptions:**
(1) Vent hook/clip (2) Dash mount (3) Window mount

Qi2 Wireless Car Charger

Model: EC810C (Qi ID: 21141)

■ Features

- ※ Qi2 Magnetic wireless car charger
- ※ Strong Magnetic suction(up to 940g)
- ※ 3 InstallationOptions:
 - (1) Vent clip
 - (2) Dash mount
 - (3) Window mount

Qi2 5 In 1 Wireless Charger

Model: EC52

■ Features

- ※ Charge phone, watch, airpod simultaneously
- ※ Bluebooth speaker(1500 mAh battery)
- ※ TF card slot
- ※ Foldable design
- ※ Magnetic suction
- ※ Touch LED light
- ※ Qi2 15W wireless fast charging

Qi2 Semiconductor cooling Wireless Charger

Model: EM07

■ Features

- ※ Semiconductor refrigerating + fan cooling
- ※ Qi2 15W wireless charging
- ※ Compatible with Apple and Samsung watch
- ※ Motion sensor LED light
- ※ Type C 20W output(extra)
- ※ Magnetic suction
- ※ Foldable design

Qi2 3 In 1 Wireless Charger

Model: EV22 Qi ID: 22618

■ Features

- ※ 3 In 1: Charge phone, watch, airpod simultaneously
- ※ Magnetic suction
- ※ Zinc alloy housing
- ※ 360°rotating ratchet base
- ※ Foldable design
- ※ LED environmental light

Semiconductor Cooling Wireless Power Bank

Model: EP-MC06

■ Features

- ※ 3 in 1 design
- ※ Semiconductor refrigeration cooling
- ※ Detachable power bank
- ※ 10000 mAh polymer Lithium battery
- ※ Foldable & detachable design
- ※ 15W Fast charging & 20W Type C output

5 In 1 Wireless Charger

Model: EC67

■ Features

- ※ 5 In 1: Charge phone, watch, airpod simultaneously
- ※ Qi2.2 25W wireless charging
- ※ LED displayFoldable design
- ※ Magnetic suction
- ※ Touch LED light
